-Loved the course very educational and learned alot

-I thoroughly enjoyed this course and found it very helpful. I have printed each chapter and will share it with my friends and my children. It is a useful learning tool. I am glad that this course is required for a bankruptcy.

-This course really opened my eyes. We are definitely going to be on a budget from now on. Thank you!

-Unexpectedly great!

-This money in motion training course is very informational and educational. I learned alot from the course and will use alot of the information in rebuilding my life. Also our teacher was very professional and informational. She is a very good teacher and she really cares about people and their lives. Thank you to this agency for all your help with our not so lovely step in life right now. We will always remember everything we learned in our training. Thanks again!

-was a very interesting course, I have learned alot from it. T.S.

-Very helpful - friendly- non -intimidating Thank You!

-I have learned alot through the process of this course that I never knew. I think this course should be a requirement for either high school students or college students. The staff I worked with was great too on the phone. Thank you. I hope never to be in financial bondage again thanks to what I have learned through this bankruptcy process. And I will make saving a priority in my life even it is just to save my pocket change every day due to the fact that I am low income. A penny saved is really a penny earned as I discovered here.

-I wish that i could have taken this course several years ago; and maybe we would not have reached the point of need to file bankruptcy! We have learned a lot from this course; Thank You for the rest of our lives.

-I am 72 years old and am embarrassed to have been involved in bankruptcy. I have always paid my bills and was current until just prior to filing and could no longer see daylight. I lost my husband in 2005 and most of the debt was incurred prior to his death. Many thanks for helping me thru a difficult period. I can promise that there will be no more debt.

-I appreciate being able to go through this course as a way of refreshing my own goals. Even though much of what I am faced with right now is due to another illness I do know that it is up to only me to repair and rebuild from here. The finding "leaks" is something I will put into practice right away with my own budget. Over all this class has empowered me some as it was practical and included even the forms. Thank You

-This program was very helpful and useful. Also very informative.

-THIS WAS AN INTERESTING AND INFORMATIVE COURSE. I THANK YOU FOR ALL YOU HAVE HELPED ME WITH CONCERNING MY FIRST AND LAST BANKRUPTCY

-I found this course a refreshing stimuli to empower me to go forward with life with a more confident, positive frame of mind. Thank you.

-This course was very helpful I really did learn alot. The staff in Duluth were very helpful with getting my password and user ID-they were all very pleasant on the phone and also professional.

-i went into this course not looking forward to it, but honestly took a lot from it and i am glad i took the time to read through it all carefully. i learned a lot in a couple of hours

-a learning experience and one that will help me get a fresh start. Excellent course, most helpful. Wish I could have done this sooner.

-I find that this course does offer actual tools that will help me rebuild my credit. When I bought this house, four years ago, I had a 780 credit score. I believe I can now avoid some pitfalls and will definitely start a budget. I will also avoid the leaks and start a savings account. Though this course is obligatory I have learned and think those who are even starting to slide downward would benefit from this. Thanks for helping me get on track- this starts TODAY!!

-At the beginning I didn't think I would enjoy or even appreciate the course because my bankruptcy was un-usual & not my fault but I was dead wrong. It was a very interesting & informative lesson. Thank you for all the wonderful enlightenment.

-I believe if I start to use this Goal for life I will better my kids and myself. That way I can teach my children how to save and build a great balance in life.

-I HAVE LEARNED SO MUCH ABOUT HOW TO BUDGET MORE CAREFULLY.BUT READING SOME OF THE STORIES REALLY HIT HOME WITH ME,MOST OF MY MISTAKES CAME FROM NOT KNOWING.NOT READING THE FINE PRINT.NOT ASKING ENOUGH OF THE RIGHT QUESTIONS.THANKS TO THIS COURSE I AM HEADED IN THE RIGHT DIRECTION.MY MATERIALS WILL NOT GO TO WASTE,I WILL CONTINUE TO READ.EVERYDAY WILL BE A LEARNING EXPERIENCE FOR ME.MAYBE I CAN PASS MY MATERIALS ON TO SOME ELSE.THIS WILL CAUGHT THEM BEFORE ITS TO LATE.OH THE AUDIO PART OF THE COURE WAS VERY HELPFUL FOR ME.
